**Report On Seminar :
“MOOC Sensitization And Registration”
organized by
EC Department, GEC Patan
on 19th January 2026**

Faculties Name:
Dr. H.L. Judal
Prof. R.A. Chaudhari
EC Department

Brief Description of the Event

On 19th January 2026, the Electronics and Communication (EC) Department conducted a sensitization and registration program for every-year students, focusing on the importance and benefits of Massive Open Online Courses (MOOCs). Dr. Haresh Judal and Prof. Roshni Chaudhari have coordinated the program. The program aimed to familiarize students with online learning platforms and the resources available for enhancing their academic and professional skills. Dr. Haresh Judal has given the presentation about **Guidelines for Implementation of Massive Open Online Courses (MOOCs) w.e.f A.Y 2025-26 published by GTU**. Prof. Roshni Chaudhari has discussed the list of courses which is offered by MOOC and GTU for different branches' students.

Objectives of the Program

The primary objectives of the MOOC sensitization program were:

1. To introduce students to the concept of MOOCs and their significance in today's digital learning environment.
2. To encourage students to explore additional learning opportunities beyond the traditional curriculum.
3. To inform students about the specific MOOCs relevant to their field of study and career interests.

Interactive Session

An interactive Q&A session followed the presentation, where students were encouraged to share their thoughts and queries about MOOCs. Also Frequently asked questions were discussed.

Major Outcomes of the Event

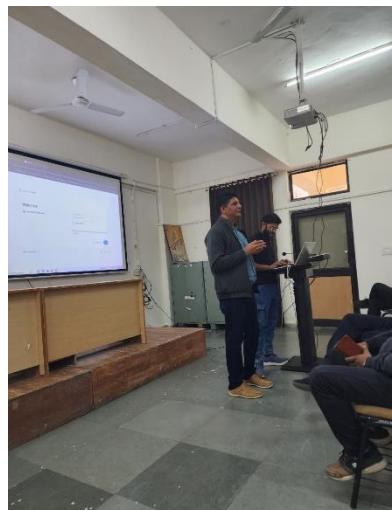

- Increased Awareness of MOOCs
- Familiarity with Online Learning Platforms
- Encouragement to Explore New Learning Opportunities
- Enhanced Understanding of Benefits of MOOCs
- Interest in Specific Course Areas

Conclusion

The MOOC sensitization program successfully raised awareness among first-year students about the importance of online learning platforms and how they can enhance their education beyond the classroom. The EC Department remains committed to providing students with tools and resources to

succeed in the rapidly evolving digital world. Encouraging students to engage with MOOCs will undoubtedly support their academic growth and broaden their skill set for future challenges.
